Now you have read in this issue of PMQ about selecting the right franchise to buy into, how to begin the process of creating your own franchise and making sure you are on the right path to success. So what existing pizza chain is the biggest? Who can you aspire to be? Well, now you can see for yourselves. PMQ has worked with RestaurantChains.net to provide you with this list of PMQ's Top 200 American Pizza Chains. This list is based on number of units and was comprised by RestaurantChains.net.

RestaurantChains.net is a market research company located in Irvington, New York, who specialize in the gathering, packaging and distributing of data pertaining to the restaurant industry. Included data is a representation of in-house research including the perpetual (every four months) surveying of more than 4,000 restaurant chain companies who operate at least two units. The Top 200 American Pizza Chains are included for this survey.
